ABOUT ME

Currently a second year student at BUT Informatique (3-year Bachelor of General Computing), I am looking for an internship in the web industry. I would prefer to do front-end but I can also do back-end, it depends on your needs!

EDUCATION

High school degree (baccalauréat général) specialized in physics and chemistry and English contemporary world

François Magendie, Bordeaux (33)

2022 - 2023

SKILLS

- Keep focus for a long time
- Organized: never finish a project late, always on time
- Practical: improve existing crochet tutorials based on what I have

LANGUAGES

- English: fluent (C1)
- Spanish: read, written, spoken (B1)
- Japanese: read, heard (A2)

CORE QUALIFICATIONS

- Web: HTML, CSS, JavaScript, PHP, using Visual Studio Code
- Database: SQL, using SQL Server
- Software deployment: Gitlab, Github
- Operating systems: Linux (Ubuntu), Windows 11, MacOS Ventura (13.6.9)

- Programming languages: Java, using NetBeans, C#, using Visual Studio
- Data analysis: Python, using Pandas, pymysql

WORK EXPERIENCE

Secretary for the Bordeaux Medicine University

146 Rue Léo Saignat, 33000 Bordeaux, France

**July
2024**

- Coordinated with other temporary workers to validate all new student files on time.
- Paid attention to detail by verifying student data, ensuring accuracy in applications.
- Communicated with the head of department on WhatsApp to ask her for help for me or my colleagues.
- Ordered the new student cards alphabetically by last name, after printing them and sticking the correct labels on them.

Dog sitter of a puppy

My home

**July,
August
2023**

- Supervised the puppy's feeding schedule, ensuring timely meals with appropriate portions.
- Taught the puppy to recognize his name and commands such as sit, down and stop, using treats and praise.
- Kept the puppy close to me at all times, on walks or in the same room as me, in order to reassure him and monitor him.
- Maintained a clean and safe environment by cleaning up after the puppy and making sure there are no dangers in the house.

Seller of old things from my home

Internet (Leboncoin, Vinted, garage sales)

**2017
-
today**

- Advertised items online by taking clear photos, writing detailed descriptions and posting them on Vinted and Leboncoin.
- Negotiated prices with potential buyers, ensuring fair deals while maximizing item value.
- Sorted the things my mother wanted to sell, in order to identify items that are likely to be sold or given (when unsaleable).
- Sent the product for delivery once the buyer is satisfied with the price and has paid the product and shipping costs.
